Per Policy 99-A an adjustment on sewer charges is available for the filling of a swimming pool for those customers who own and maintain a residential swimming pool, and who have not opted to have a second water meter installed for such purposes. The reduction will apply to the billing period that includes the date the pool is filled; therefore, a customer must make the request within 30 days. The reduction is subject to approval.

To assist the City of Lancaster in computing your adjustment, please supply the information below and return to the below address or fax to 803-283-9925:
